

Press release

Getting you away from life's hustle and bustle: houseboat holidays and experiences on lakes and inland seas

**TEMPLIN &
WENTOW WATERS
LAKE WERBELLIN
FINOW CANAL
BOAT LIFTS
NIEDERFINOW**

**RIVER PEENE
LAKE KUMMEROW
USEDOM
SZCZECIN LAGOON**

We have some fantastic new areas that you can discover with Kuhnle-Tours in 2024. The houseboat specialist based on the Mueritz in Mecklenburg-Western Pomerania is opening a new charter base in Malchin on the Peene. A large lake and over 100 kilometers of lock-free river with the Hanseatic towns of Demmin, Loitz and Anklam, easily navigated on one of Kuhnle-Tours comfortable houseboats AND without a license. If you have a boating license for the lake, you can sail even further into the Bodden waters to Usedom and Peenemünde in the west and onto the Szczecin Lagoon in the east. **The Templin waters in Brandenburg** are another completely unknown gem. The small chain of la-

kes in the Uckermark have been cut off from the waterway network for seven years. With the construction of the new Kannenburg lock, the historic town of Templin and a handful of enchanting lakes are now able to be reached by water without a license. In the nearby, marina at Ziegeleipark, Kuhnle-Tours will be offering a range of houseboats in the 2024 season, so a swimming break at anchor is only an hour and a half away at "houseboat speed". Lake Werbellin, popular with anglers and divers for its clear water, and the Finow Canal, a World Heritage Site, are also within easy reach of the upper Havel. Even for experienced boat crews with a boating license, the area offers real highlights into houseboat life with both the new and old Niederfinow boat lift.

Dagmar Rockel-Kuhnle will be presenting both new areas during boot (January 20 to 28 in Dueseldorf) on the Destination Seaside stage in Hall 13 on January 20 (1:30 pm), January 23 (3:00 pm) and January 27 (11:00 am). And on the World of Paddling stage in Hall 14, you can also learn about „**The houseboat as a base camp for paddling trips**“ from Dagmar Rockel-Kuhnle once a day from January 22 to January 28.

More information about the main areas of Mueritz, Mecklenburg Lake District and Berlin can be found in Hall 13, Stand D 53/59, where there will also be a typical European houseboat will be on display. **The Kormoran 1290 from Kuhnle Werft** has a draught of 75 centimetres, which enables it to navigate the Elbe and other waters with draught restrictions.
